Sir,

I have the honour to bring to the notice of Government that most of the Elementary schools under this Taluk Board, are illequipped with furniture and other teaching appliances. On account of want of proper equipment the schools are being conducted with much inconvenience. During my occasional inspection of schools I had noticed this handicap in many places. The inspection remarks books maintained in the schools show that every visitor including the Deputy Inspector of schools had been impressed with this draw-back of

late, I have received several indents ~~for~~ from such schools for necessary equipment. On a close scrutiny of these indents and also on my personal inspection of some of the schools I find that the articles indented for are bare necessities without which the work of the schools is not likely to progess satisfactorily. It seems therefore absolutely necessary that these schools should be equipped with adequate furniture and teaching appliances in order to make the Elementary Education a success. The total cost of the indents received comes to Rs 3500/- . In this connection I regret to state that the Board finds itself quite unable to meet such a large amount of expenditure owing to a deficit with which the budget has closed. But the work cannot be put off for want of funds. I therefore placed the whole matter before the Board who in their resolution No. 87 dated 12-5-1926 resolved to address the Government with a request to sanction the required amount in the shape of grant. I therefore request that the Government may be pleased to grant a sum of Rs 3500/- for the purpose. A copy of the Taluk Board resolution referred to above is herein enclosed.

I have the honour to be,

Sir.

Your most obedient servant,

N. Siddhanti

President.

Sir,

Submitted.

2. It was reported that there was a surplus balance to the credit of the Board under 'local rates or cesses' for 1925-26 and the President Taluk Board was requested to report whether this surplus balance could not be utilised towards the purchase of the necessary equipment for the schools. The President Taluk Board states that the surplus balance is required for the completion of the school buildings at Karkada and Padubidri.

3. Grants towards the equipment of old schools are not generally given; they are given only to new schools started with the aid of provincial funds. Further, there is no

provision

5

provision in the current year's budget for the payment of grants to local bodies towards the equipment of elementary schools. In G.O.No.R.394 L.E., dated 28-9-25 Government also declined to comply with a similar request from the Municipal Council Srirangam. In the circumstances the President Taluk Board's request is not supported.
